

# Neighbourhood Planning Team Meeting

7.30pm – 9.30pm Wednesday 28 September 2016

Main Hall, St Oswalds School, Burneside

## AGENDA

1. Review and feedback from the Drop In Session
2. Discuss & agree the objectives for the SLDC screening process
3. Recommendation, on behalf of the Parish Council, for the next stage of the Plan

Recommendation:

*That we ask our consultant, Nigel McGurk to start work on an early draft neighbourhood plan, collating the work we have already done on the themes and (early stage) objectives for our plan. Part of this work will be to draft policies, in line with these objectives. He may wish to consider working in collaboration with Noel Farrar, who produced the Vision for Burneside document (this was considered by Nigel in his original bid). We envisage Noel having a role in the design and layout of the final document.*

*We would ask that this work is completed by early November 2016.*

*With this in mind we also ask that Nigel provides a revised quote for this and any other work he may identify, for the completion of the plan*

4. Other tasks for the planning team and steering group to be identified.
